

“Discovering French”

July 8 – July 12 8:30 AM to 3:00 PM
July 15-July 19 8:30 AM to 3:00 PM

This daily course is designed for children whose French is not their first language. Through our morning class daily sessions, they will learn to understand, use familiar expressions and simple phrases in French.

Topics related to their everyday life will allow students to introduce themselves and others, to describe their environment, to express their feelings, emotions and tastes.

The main objective of this course is to help children to discover French language and culture, work on basic grammar and explore new vocabulary through a variety of fun activities. Children will be exposed to French language with an emphasis on speaking and listening in a supportive environment. Join us for learning, games, songs and fun. All activities are supervised by 2 camp counselors at all times.

We have a children’s room, bath room, library, a lounge room and a full functional kitchen!

THEMES EACH WEEK:

1st week: La cuisine francophone (cooking session every afternoon)

2nd week: Découverte de l’art (French impressionists and fun comics drawing such as Tintin)

Price PER WEEK is \$290 per student or Siblings \$250 each
